6.4.5 Conduct of practical and hands-on-training

As per the course lesson plan, practical are conducted in a way that allowed students to get as involved as possible to increase their knowledge and ability and Skilled them that can only be learn through hands on practice. Practical are conducted as per course of lesson plan in accordance with Vth Dean's committee.

Students are practically trained in hybrid seed production, seed production and testing, Essential crop production technique in agronomy, soil water and plant analysis technique in soil science and agricultural chemistry, insect studies ,nature of damage and control damage of pests in entomology, disease causing organism studies, nature of damage and control measure of diseases in plant pathology basic and applied innovative agricultural extension technology in extension education, agricultural credit system and minimum support price studies in agricultural economics, cattle breed, milk and milk product in animal husbandry and dairy science, pomology vegetable and post harvest studied in horticultural.

There is an interdisciplinary approach in teaching undergraduate courses, when students undergo RAWA programme in their VII semester and ELP in the VIII, a team of Student READY specialists viz., Agronomist, Soil scientists, Pathologist, Entomologist, Horticulturist, Agril. Engineering and Economist remains collectively in touch with the students. They meet once in a month and have discussion by guiding them and solving their problems in the particular subject or field. Thus, there is a collective and integrated inter disciplinary approach in teaching.

6.4.6 Supervision of students in UG programme : Not applicable**6.4.7 Feedback of stakeholders (Students, parents, industries, employers, farmers etc.) 2019-20 to 2022-23**

An exercise was made to collect the feedback from the students in respect of college during last five year. The satisfactory remarks were given by them. According to their feedback, the College administrations have provided very good facilities like R.O. drinking water, library, sports, gymkhana, placement cell, preparation for competitive examinations, farm and NSS. They were also satisfied with the facilities of college, smart classrooms and well equipped laboratories. An attempt was also made to collect the feedback of their parents. They also have quoted good remarks about the college. The representative feedbacks from students and parents are furnished in appendix.

Attempts were also made to obtain the feedback of farmers for conducting research in the laboratories or field of this College. The priority is also given to conduct the research on the major crops of this region.

Sr. No.	Type of stakeholders	Feedback mechanism	Action Taken
1	Students	Faculty in meeting discuss the issues related to academic and extension activities	Computer, internet and Wi-Fi facilities are provided Strengthening of placement cell and competitive forum
		Through electronic media such as email, phone and personal visit, orientation and farewell programme, Monthly meeting of students.	Solution to feed back were given in monthly meeting
			Providing class notes to students, ppt, demonstrations etc
2	Parents	Telephonic communication by advisor to student's parents.	Telephonic communication to parents regarding academic and overall progress of students.
3	Industries	Need based and location specific research programme Required trained human resource with industrial specialized use.	Action taken as per the suggestion
4	Employers	Grievances committee meeting.	Action taken as per the suggestion of Employee.

5	Farmers	<p>Farmers feedback in person, telephonic and through farmers rally, radio and television programme</p> <p>Extension activities such as farmers' rallies, exhibitions, field visits, group discussions, Board of studies, ZREAC, ARC. and E-surveillance.</p>	<p>Information and demonstrations on methods of collection of soil samples, and reclamation of problematic soils has given. Advised to use recommended doses of nutrients to major crops as per soil test report. Liquid bio fertilizers are available to farmers for sale. Demonstrations and Dignostic visits were organised on farmers field. Under my one day for farmer mission programme were conducted on farmers field.</p>

To,
The Principal
College of Agriculture Golegaon
Tq. Aundha Nagnath, Hingoli.

Sir, I want to convey heartfelt greetings to you regarding my son K. Shiva. He completed his Bsc. (Hons) Agriculture at your college. After his graduation I noticed many changes like practical knowledge in him about the agriculture. As he from other state, he did not faced any problem all the staff members were supportive to him.

After graduation with your guidance he got good rank in Msc. entrance to pursue his higher studies in Master's Degree. With all your co-operation only all these are possible, so once again I wish thankyou sir.
